VTI PACKAGING COMPLIANCE STATEMENT
APPENDIX A – APPLICABLE TO RETAIL AND DIY CHANNELS

PURPOSE

This appendix provides supplementary information regarding packaging used for VTI products supplied in finished dimensions and packaged for retail and DIY distribution.
The information shall be read together with the VTI Packaging Compliance Statement.

SCOPE

This appendix applies to selected VTI products supplied:

- in finished dimensions;
- individually packaged;
- intended for retail or DIY distribution;
- identified through product-specific labelling;
- supplied indirectly to retail chains and DIY outlets.

PRODUCT AND PACKAGING CONFIGURATION

Typical retail packaging consists of:

Packaging Component:	Material:
Protective foil	LLDPE LDPE, 30% R-LDPE
Product identification label	Paper/glue

PACKAGING FUNCTIONS

The packaging is intended to support:

- product protection during transport and handling;
- storage protection;
- product identification;
- downstream retail distribution;

SUPPORTING DOCUMENTATION

Upon specific request and where available, VTI may provide material specifications, REACH-related declarations and other packaging compliance information obtained from packaging suppliers.
